

Rajat Bairwan

WordPress & PHP Developer

WordPress & PHP Developer with 3+ years of experience building dynamic web applications and responsive websites using PHP, MySQL, WordPress, and JavaScript. Skilled in REST APIs, frontend integration, database optimization, and CMS customization. Experienced in developing production-level business modules and currently expanding expertise in Laravel, React.js, and WooCommerce.

Work Experience

Software Developer | C2Perform Pvt. Ltd.

June 2023 – Present

- Built and maintained scalable PHP & MySQL-based web applications used by 10000+ employees.
- Developed 15+ REST APIs with JWT authentication and structured error handling.
- Built CSV/Excel processing pipelines handling 10,000+ rows with validation and structured error logs.
- Implemented RBAC for multiple user roles, improving system security and access management.
- Worked on responsive frontend integration using HTML, CSS, Bootstrap, JavaScript, jQuery, and AJAX.

Infonix Service Technology | Junior PHP & WordPress Developer

Nov 2021 – May 2023

- Completed 9-month internship in 6 months and received early promotion based on performance.
- Developed Leave Management, Attendance, and E-commerce modules for real client projects.
- Worked on CRUD operations, server-side validation, and backend business logic across multiple applications.
- Built responsive user interfaces using HTML, CSS, Bootstrap, JavaScript, and jQuery.
- Collaborated with senior developers on production-level PHP and MySQL applications.
- Assisted in frontend integration and website maintenance tasks.

Projects

NextGen Web Solutions — WordPress Business Website

- WordPress · Elementor · PHP · Responsive Design

Quiz Management System - PHP, MySQL, AJAX

- Developed a dynamic quiz platform with configurable question banks and auto-scoring functionality.
